

SCOPE

The EFT Group Ltd. consists of EFT Systems Ltd. and EFT Construction Ltd. a combination of businesses that provides a unique partnership to Build, Protect and Maintain our Clients' Property, Life Safety and Security Assets.

We have established a Health, Safety and Environmental Management System (HSEMS), the purpose of which is to ensure that the organisation:

- Minimises the impact its activities have on the environment; and
- Prevents accidents and incidents of work-related ill-health.

Certification wording:

The Design, Installation and Maintenance of Electronic Security Systems including: Access Control; CCTV Systems; and Intruder Alarms.

The Design, Installation, Commissioning and Handover Verification and Maintenance of Fire Detection and Alarm Systems.

The Contract Maintenance of Portable Fire Extinguishers.

Construction Building Contractors including New Build; Extensions; Refurbishments; Reactive Maintenance; Project Management; and Design & Build.

The system is designed to be consistent with the context and strategic direction of the organisation and ensure compliance with:

- The requirements of ISO 14001:2015 and ISO 45001:2018;
- All health and safety and environmental legal requirements;
- Any other health and safety and environmental requirements to which the organisation subscribes;

The system has been authorised by the Top Management of the organisation. Support for its implementation and compliance with its procedures and policies is a condition of employment for all employees.

HSEMS Scope

The scope of EFT Group Ltd.'s Health, Safety and Environmental Management System encompasses:

- People: All employees and contractors.
- Sites and Locations, Products and Services: All products and services associated with and resulting from operations controlled from the Company's premises at: Cobden House, 39a Cobden Road, Southport, Merseyside, PR9 7TR.
- Processes: All internal business support and customer service processes.
- Activities: All work-related activities.

Statement of Applicability

All Clauses of ISO 14001:2015 and ISO 45001:2018 are applicable.
